2025 COLLECTION OF THE YEAR SPARKLING WINE

“Mark Barth works meticulously to refine his sparkling wines, which are now at least as important to the business as his still wines. His ‘Ultra’ made from pure Pinot Noir has long been one of our favorites.”

„Mark Barth is once again placing a strong emphasis on sparkling wine this year. He presented us with six first-class sparkling wines (...). One focus is on single-vineyard sparkling wines. And here, the house has a lot to offer. The taut 2019 Schützenhaus Riesling Brut Nature, characterized by its wood aging, impresses with fine citrus notes, hints of brioche, and a delicate tartness. One step above this is the rich, mellow Hassel from the 2017 vintage.“

“Christine and Mark Barth have been setting standards for the best sparkling wines for several years (...) and demonstrate with dedication, passion, and skill how elegant sparkling wines are created that mature on the lees significantly longer than usual. Mark Barth is also considered a pioneer of Riesling single-vineyard sparkling wines.”
